

Making The Difference With Quality Construction Since 1976

DANIELS CONSTRUCTION COMPANY, LLC

Please allow me to introduce you to our company, Daniels Construction Company, LLC. Daniels Construction has built a reputation for quality workmanship in Southeastern Colorado and is now expanding into the Northern Region of Colorado and parts of Kansas. I am 100% confident that you will be satisfied with our company and the way we do business.

Daniels Construction is a family owned company that has been in business since 1976. Serving small communities and creating lifetime commitments has been our trademark which makes our company stand out above all others. What this means to you as a client is the personal service a smaller company can provide. You will have direct contact with the owners who will be directly involved in all aspects of your projects. Your projects will be built efficiently and you will receive the best quality for a reasonable cost.

Starting out as a small business Daniels Construction built custom homes. Even though commercial construction has become our main focus, we have maintained our standards of quality throughout the years. We take pride in the quality of our work and incorporate attention to detail in all of our projects.

Daniels Construction has earned the reputation of meeting our client's goals, earning their trust, and bringing the job in on time and within budget. We have found that maintaining good working relationships with our subcontractors and suppliers is a key factor. Therefore, we hold our subcontractors and suppliers to the same high standards we demand of ourselves.

The Daniels Construction family looks forward to meeting with you to discuss your next project, whether it be a new building or a remodel. I am positive you will be pleased with our friendly competent service.

For more information about Daniels Construction, please contact us at 719-336-2011 or e-mail at; danielsconstruction@eminet.net. Thank you for your time, and we look forward to doing business with you and serving your construction needs.

Sincerely,

Eric R. Daniels
Project Manager
